# Welcome

---

Welcome to VaLUENTiS' Business School (formerly the International School of Human Capital Management) – a global leader in providing commercially focused learning to organisations, and management professionals.

The school Headquarters is situated in Kings Cross, London having been established in 2006. VaLUENTiS Ltd - the professional services organisation was established in 2003 and continues to deliver quality services and consultancy to clients from many sectors on strategy & organisation, talent management, employee engagement and organisation/functional intelligence.

## Our Mission

VaLUENTiS Business School represents a new era in the field of business education. Formerly known as The International School of Human Capital Management, it is now in its ninth year and the School goes from strength to strength as an innovator in its field.

The course portfolio has been expanded to include various Masters qualifications which are the subject of this brochure, alongside our executive education short programmes.

Located in the heart of London, our School is well situated to appeal to many managers and executives and that our value priced offerings are unbeatable set against the high quality of delivery attained.

The School faculty are strong advocates of the Harvard case study method of learning and as a school we have introduced our own SCART methodology/technology to enhance the experience and learning. As business practitioners with academic backgrounds we believe that we add 'something extra' to bring learning alive.

Our mission is to bring real practical evidence-based knowledge to managers and organisations through our innovative Masters programmes. This message is particularly for those who have viewed other market offerings with scepticism regarding relevance or unaffordable.

One other thing. We view executive education as a means of contributing to the current organisation as well as the individual.

**'Business education for business people, by business people.'**

Nicholas J Higgins  
Programmes Director  
31.10.19

VaLUENTiS Business School (VaLBS) offers innovative, highly challenging Masters programmes to meet both organisation and individual needs in general management and leadership alongside specialist subject areas.

Success as a manager and business leader depends not just on what you know but how you apply what you know. There is learning and then there is the VaLBS learning experience. Our MBA/MSc portfolio is designed to provide managers with specialist knowledge and with it, one of the most advanced and practical foundations in understanding the world of business.

# Our Proposition

The VaLBS Masters programmes are at the cutting-edge – designed for the executives of today and tomorrow – a unique blended learning design.

They combine grounded theory with the latest evidence based research and practical insight driven by Harvard case method teaching backed up with VaLBS SCART learning methodology.

Our programmes offer a peer network sourced from different disciplines and sectors from industry to help delegates evaluate practical, real-world issues facing modern organisations and the challenges faced by today's leaders and managers.

All Masters programmes have different financing options. We keep the process of application very simple – just choose your intended programme and go straight to our online admissions as shown on the relevant page in this document or via [www.VaLBS.com](http://www.VaLBS.com). We assume successful registration unless there is a specific issue of which you will be notified. Applicants receive course documentation by e-mail for signing with the various billing/financing options included. Just follow the process. It's that simple. We look forward to welcoming you.

Should you require further information visit our website at [www.VaLBS.com](http://www.VaLBS.com), contact our admissions team on +44 (0) 7811404713 or via e-mail: [admissions@valbs.com](mailto:admissions@valbs.com).

# MASTERS PROGRAMMES

## **Structure & Delivery**

All Masters programmes follow the same course format – standard core subject sets delivered through a 'compressed block' structure designed to optimise efficiency around learning and teaching resource. This provides maximum flexibility for students throughout the calendar year.

Each block is 2.5 days represented by 1 evening and 2 full days either [Monday (evening), Tuesday, Wednesday] or [Wednesday (evening), Thursday, Friday]. All programmes also have either one or two block 5-day weeks [Monday – Friday].

The learning blocks act as staging posts for course module progress with interim online tutorials/cases and/or webinars supplementing private study, whether individually or in groups, within each module. The SCART methodology provides each student with a continuous cumulative scoring system completed with final exam.

For example, on the Executive MBA over 2 years there are 24 blocks delivered once per month with an end of programme 5-day block week followed by exam.

# MBA

Our unique all-year-round calendar allows you to combine studying for our MBA with your family and work commitments. The programme is designed to suit your lifestyle and study preferences – the programme is delivered in what we call compressed block format – complemented by remote study from home/office in between classes. The VaLBS MBA has a set curriculum of 16 modules of the most relevant subject areas – each carefully integrated to complement one another.
